

Flex Best Practices

Ted Patrick - Flex Evangelist - Adobe Systems

Fx

Know Flex First!

Written Requirements

Fx

Version Control & Bug Database

Fx

**Flex is extensible,
Extend it!**

Fx

Use application components

Fx

Automated Test Driven Development

Fx

Plan to Fail Early

The logo consists of the letters 'Fx' in a white, sans-serif font, centered within a solid black square.

**2 or more
developers?**

Use a Framework!

Fx

Use the Command Pattern

Use classes
to organize code

Fx

Build an API!

Fx

Don't optimize early!

Clean,
Indented,
Commented Code

Fx

**Be careful
with
Bindings**

Fx

**Release early,
Release Often**

Fx

Thanks!

Ted Patrick
